TOP 10 - WELCOME TO BLEKINGE!

Visit Karlskrona

Blekinge is Sweden's smallest landscape on the mainland, yet there are three different parts with everything from the archipelago, a coastal strip to the wilderness. Thanks to the wide variety, Blekinge is like a Sweden in miniature with significant experiences in a small landscape. Welcome to start to explore Blekinge in this guide, and we will hope to see you in Blekinge soon!

Sölvesborg's bridge

The Sölvesborg Bridge is an international celebrity and unique because it ties Sölvesborg's city centre and the guest harbour with a golf course and beach. It is also named one of the world's ten most spectacular bridges according to CNN, precisely for its design and lighting. The Sölvesborg Bridge is also Europe's longest pedestrian and bicycle bridge with seats placed for picnics with fine views. Here, the newlyweds can stop for a romantic break at the "bus stops". Parking is available on both sides of the bridge.

Blekinge's postcard

Brändaholm is Blekinge's most photographed and famous islet. A summer holiday in Karlskrona, 45 small red cottages with their white knots. The motif is often found on postcards from Sweden just because the cabins provide such a nice contrast to the blue sea outside. You will discover Brändaholm most conveniently on a bicycle that is available to rent in Karlskrona city.

Fabulous Hanö

Hanö outside Listerlandet is a fairytale island surrounded by enchanting myths and stories. Here is the famous Dragon brand that came into being when an extinguished dragon crashed into the rock wall the first time the lighthouse was lit. In addition to stories, Hanö offers real experiences such as the Bönsäcken where millions of water-cut stones change shape after the winds of the sea. Here you will find three beautiful bathing places and a cosy restaurant overlooking Hanö Bay. The ferry ride from Nogersund takes about 20 minutes and you are met by a magnificent experience.

Popular Tjärö

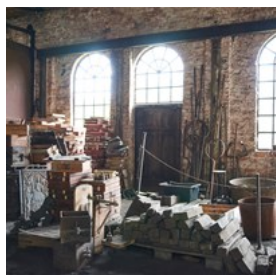

At Tjärö you can cool off with a swim at one of the island's six bathing places and sunbathe out on the cliffs in the evening sun.

Down at the waterfront is the restaurant where you can eat fish that belong to the coast - and enjoy the view of the beautiful archipelago. Here you eat with palate, eye and body. In the summer, the island is animated by lovely small houses from the 19th century or right next to the water. You choose which room size and standard is best for you. To Tjärö you take a ferry from Järnavik, Matvik and Karlshamn

Ronneby Brunnsspark

A beautiful, award winning park and a living cultural reserve. The park in itself feels like a health cure. There are a lot of activities throughout the

whole year; the charming Café Mandeltårten, a flea market, music events and festivals. In the 1870s a spring in the park became very popular to drink from, and people from the whole country started travelling to Ronneby Brunnsspark to drink from the spring as a way to improve their health.

Still today, visitors come to Ronneby Brunnsspark for the same reason; to feel good.

WORLD HERITAGE KARLSKRONA

Visit Karlskrona

Karlskrona's well-preserved architecture and city plan gave the city world heritage status in 1998. The city was founded in 1680 by King Charles XI. The need for a new base for the fleet was the basis for the decision. More than 330 years later, the naval base is still here, on Lindholmen - the very heart of the world heritage. There is a large selection of guided tours to book, or you can explore the world heritage on your own, at your own pace.

Drottningkär's castle

Join an exciting guided tour of one of Sweden's most well-preserved defences from the time of the great powers.

Drottningkär's Kastell on the island of Aspö has prevented both the Russian navy and the British navy from attacking Karlskrona.

The main square

Stortorget is located on the island of Trossö and is the centre of Karlskrona. Many visitors stop at the main square, where the Karlskrona Tourist Office is also located. The square is located on Trossö's highest point and is unusually large for a Swedish city. The town hall, the Concert Hall, the statue of Charles XI and the Water Castle, which is one of the country's first water towers, frame the square and give it character.

Sydostleden

Take a holiday with your bike and explore the South of Sweden on a 270 kilometer long Bicycle Route. Sydostleden offer you a varied nature

experience from the bike saddle. Choose to start the trip in the deep forests of Småland in the north, along the coast in the south or which ever place you choose along the route! Sydostleden is divided into seven sections. Choose to cycle one section at a time, merge multiple sections or cycle the whole trail in a sweep! The trail offers a variety of cultural experiences through a varied nature, be sure to make time for many stops along the way. In Belkinge there are 2 sections. Fridafors-Karlshamn: do not miss the Abu museum in Svängsta. There are many accomodation alternatives along the route if you want to overnigt.

It tells the story of the Abu factory, which stopped manufacturing watches and taxi meters to instead concentrate on fishing equipment. At Svängsta the landscape changes character from woodland to open countryside. The countryside along the coast is the lowest stage in Blekinge.

The port and market town of Karlshamn was founded in 1664. It was in Karlshamn that Kristina from Duvemåla and her Karl Oskar (from the novels by Vilhelm Moberg) boarded the brig Charlotta, which took them across the

Atlantic to America. The Emigrant Monument in the Harbour Park has been erected in memory of those who emigrated from Sweden. In the harbour there is a maritime museum.

With its location by the sea, Karlshamn is a popular bathing and holiday destination. An open-air bath with exciting new architecture was opened in 2015. From the centre there are boats to the island fortress of Kastellet and the other islands in the archipelago.

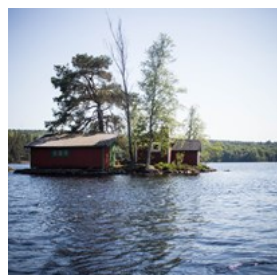

Karlshamn-Sölvesborg: An old, solid stone arch bridge crosses the River Mörrumsån. Mörrum is the centre of the river's famous salmon fishery which has been well known since the thirteenth century.

Continue cycling towards the villages of Mörrum and Norje. By the time you reach Norje you are actually located in the very middle of Sydostleden trail, this is where you find the halfway point.

In the city of Sölvesborg the trail takes you over the 760 meter long Sölvesborg Bridge, which connects Listerlandet with the town, is Europe's longest pedestrian and bicycle bridge. In the area around the main square, Stortorget you will find many shops, restaurants and cafés.

Lake Halen & Sweden Southern Wilderness

In the nature reserve Halen you can experience a forest and lake-dominated "wilderness" within walking distance of

Olofströms and Jämshög's urban areas. Here are

rich opportunities for different types of outdoor life as well as high nature values. Lake Halen is Blekinge's largest lake and about half of its surface is included in the nature reserve. There are hiking trails, running tracks, riding trails, rest areas and wind shelter. The area is crossed by roads where you can ride a bike and even drive a car. In Halen there are bathing areas for people as well as for horses and dogs. The lake is popular among canoeists and is part of a larger lake system along with the neighboring lakes Immeln, Filkesjön and Raslången. Directly adjacent to the nature reserve there is camping as well as hotel and restaurant. Several different local associations are active in the Halen area, such as scouts, orienteers, leisure club, boat club and riding club.

Blekinge River Trail

A trail race in beautiful greenery along Blekinge's largest river, Mörrum River. On May 26, the third edition of the Blekinge River Trail, with

arena in Mörrum, will be held. If you were not supposed to fancy trail race before, you are guaranteed it afterwards!

In the Blekinge River Trail you choose between 9.5 or 20 km and for the children there is a "River kids" of 500 meters. A tough news is a Ultra River, a class for those who want to challenge themselves properly with a track length of about 50 km (which has extra energy stations) - Ultra River!

The race has quickly become popular and attracted over 400 starters last year.

The path starts along the western side of the river and then returns to the opposite side. The long track takes you all the way up to Svängsta before it turns home. The Blekinge River Trail fits both the habitual trail runner and the beginner.

Prices for the top three in each class. Price to

everyone in River Kids. In addition, prizes are awarded among completed participants. All participants are offered burgers with a drink after the finish. For those with food allergies there are other alternatives, stated on the notification.

Shower, dressing and toilet are located adjacent to the competition site.

Old railway embankment trail, Halmstad - Karlshamn

The old railway embankment trail unites Halmstad's and Karlshamn's attractive coastal areas, takes you through varied landscapes and follows Fylle river up through the Simlångs valley, passing the beautiful lakes Bolmen and Åsnen and ending with a long distance along the Mörrum river - one of the world's leading salmon fishing waters. The trail, which is about 250 km, passes about 40 old railway station environments, all more or less intact.

The railway embankment trail has become an all-activity trail - for wheelchair users, horseriders (on certain routes), roller-skiers, hikers, inliners, regular skiers in winter - and of course cyclists.

Along the trail there are hotels, hostels, campsites and holiday villages. Provisions are available in every major community and it is possible to rent bicycles in several places. You will pass many attractions + suggestions for return bike trips.

The small roads of the trails have a good standard, almost everyone is paved. The embankment is also paved a few miles at each end towards Halmstad and Karlshamn respectively. Otherwise, the embankment consists of good gravel roads. You can use any bike you want along the trail, but most comfortable is a model with fairly wide tires. The embankment trail isn't almost at all hilly and

lies beautifully in the terrain.

Underwater trail in Kollevik

Want to know more about life under the surface? Here is the chance to learn more about plants and animals that live in the water just outside the

coast of Blekinge. The snorkeling trail is an "underwater path" with information plates on the bottom that can be read from the surface and is situated at Kollevik bathing area in Karlshamn. The idea of the snorkeling trail is to pay attention to the marine ecosystems and increase the interest in life below the surface. The snorkeling trail goes through various marine landscapes such as sand and rock bottom. The information is easy to understand and describes the most common species outside Blekinge's coast, but also large-scale Baltic sea problems such as eutrophication, boat bottom paints and overfishing.

The trail is divided into simpler parts in shallow water and a slightly more difficult part on deeper water, however, max. 3 meters. The proximity to the beach makes it possible to interrupt the snorkeling whenever you want. Children should snorkel in the company of an adult. .

Kolleviks Campsite rents sets with snorkel, cyclop and flippers (25 SEK/hour).

SWEDEN'S GOLF COAST

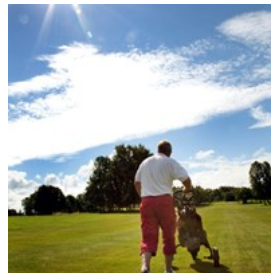

Sölvesborgs GK

Blekinge has eight well-managed challenging, forgiving and beautiful golf courses with their unique character. All of the courses can present a real challenge for both professionals and amateurs. It all depends on how you choose to play them.

The courses that form a part of the unique Sweden's golf coast are all close to each other. You can start the week playing on a coastal course, before moving on to parkland courses in a forest, or by fields and meadows. And also Blekinge geographical location makes it possible to play golf all year round.

Boa Olofström Golf Course

Golf course in a beautiful natural landscape where you can play a challenging course in a relaxing rural setting, far away from city noise. Boa Olofström offers a great golfing experience in beautiful nature. Good access all year round.

FISHING IN BLEKINGE

Unsplash

The whole of Blekinge is like a single large fishing centre with a great breadth of fishing experiences, all within an hour's radius by car. There are plenty of professional well-maintained fishing facilities with accommodation and guides.

Abel Fishing

Johan Abelsson runs Abelfishing and has 30 years of experience in international sport fishing tourism. Johan has followed his passion and fished around the world. Today he focuses on fly fishing in all forms and trolling of coarse salmon in the Baltic Sea. Johan is also involved in Mörrumsån's famous salmon fishing.)

Join us on a fully equipped charter boat "Abel Salmoncatcher" specially built for salmon

trolling and fishing with customers. Johan starts from Simrishamn. The boat can take up to 5 people per trip. Choose half day fishing for about 4 hours or full day for 8 hours.

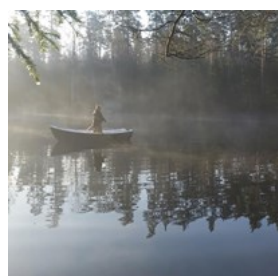

You choose if you want to go out on world-class salmon fishing or if you want to fish for cod or flatfish. Salmon fishing is a really cool experience that you just have to try.

Salmon fishing outside Simrishamn and Blekinge coast has never been better than it is right now. If you want to experience rushing so the reel is shouting and salmon that jumps wildly behind the boat, you should take this opportunity and book a half day trip or full day trip.

In the summer, the salmon comes near the coast. Salmon trolling is a method where you lay out the baits at different depths behind and beside the boat and then try to find where the salmon chase herring.

Fantastic fishing at Brokamåla

Here you can enjoy an exclusive and exciting fishing and at the same time you can enjoy the wonderful nature. Record fish is 8.2 kg, caught by a

guest from Ukraine Spring 2014
Congratulations!

At Brokamåla Gård in Sweden's southernmost wilderness, you will find just what many people lack and need. Brokamåla Gård can offer you a wonderful and relaxing stay. Here you have access to more than 25 lakes, with nice accommodation, exclusive fishing in natural

environment, boats, baths, and nice hiking areas. Why not enjoy this during all four seasons at Brokamåla Farm.

In cooperation between Mörrum's fishing and Brokamåla Farm, they have created a unique product where you get to learn the noble art of fly fishing. If you already have been fly fishing for a while, but want to improve your technology then this is an excellent opportunity to take. In the course we go through fishing equipment, basic fly fishing technique, learning to read both flowing and still water to understand where the fish are, fishing strategies, flies, fish handling, a complete course for the beginner and the experienced fisherman.

The cottages you are staying in, are located in a nice farm and wilderness environment dating back to late 1700s. The accommodation keeps high and fresh standard. The cottages are between 55 and 95 square meters and consist of kitchen / big house and two / 3 bedrooms, toilet / shower. Each accommodation includes bed linen. The prices of the cottages vary depending on which season it is and how long you stay. Contact us to find out what applies to the time you are interested in.

Camp Dragsö Sportfishing

Welcome to Camp Dragsö Sportfishing, which specializes in exclusive fishing trips with cabin and boat in many different forms in the

Karlskrona archipelago. The fishing here is mainly after pike and has become known over the years because of the pike-rich water that is world-class.

You can also rent a fishing guide, fish from a kayak or why not choose from four different fishing packages with cabin and boat - from a simple camping cottage to a luxurious cabin suite!

Their boat fleet consists of 19 boats. 15 of them are five-meter aluminum boats with motors between 30-50 horsepower. Here, fishing kayaks are also offered for rent for those who want to glide through the archipelago at a slow pace and want to reach all the fishing spots in the archipelago.

For those who need to supplement your fishing equipment, they have a small fishing shop. Full-rights restaurant is available in the area.

Angling at Sandhamn Marine

In South Sweden, Eastern part of Blekinge along the coast you will find Sandhamn Marine. The fishing camp consists of ten sea cottages in

Sandhamnsviken (the bay of Sandhamn). The boat is moored in the dock in front of the cottage so you can't get closer to the sea.

Karlskrona archipelago has one of the country's largest populations of pike.

Here you take strong, fighting pike of all sizes. Pike fishing is good all year round, even in the summer! There are also good sea trout fishing and perch fishing. If you are trolling salmon, the harbor is good for the area between Utklippan and Hasslö.

In cooperation with PikeStrike Sweden they offer a top class kayak fishing package! You stay at Sandhamn Marine and they transport you to the best kayak fishing areas where their highly experienced guide will guide you to the pike hot spots!

You can have a nice meal at Marine's restaurant, Sail Inn. (See the restaurant's website for opening hours and detailed information) Otherwise, the village's eminent pizzeria is open all year.

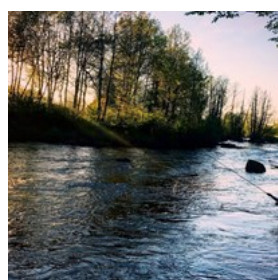

The cabins cost SEK 800 per night during June - August and 600 per night for the rest of the year. Boat site is available as well as access to ramp and parking for car and trailer.

If you come with the camper, there are parking places on the harbor plan.

Weekend Friday - Sunday: 3600 SEK.
Long weekend Thursday - Sunday: SEK 4800.

Porcelain museum

A unique porcelain exhibition in the former premises om Karlskrona Porcelain factory. In the exhibition you can see the production from

1918-1968.

In 1942, the factory was purchased by Uppsala-Ekeby AB. In conjunction with the new employees, the share value was increased and the factory also got new and more artistic leaders. The factory's golden years were during the 1950s when they exported a lot of products, this had been done in the 1930s too, but because of the Second World War it was a break. As the standard of living and consumption increased during the 1950s, production on porcelain also increased, which also contributed to the golden age of porcelain.

Season open. It is possible to order private viewing through pre-booking by contacting the museum.

DINING & "SWEDISH FIKA"

Visit Blekinge

Do you fancy something local, new or exciting? Blekinge has a whole range of taste experiences to offer. Indulge yourself with some Blekinge roasted coffee, our local brewery making beer tasting of raspberries, or mayonnaise that feels like a kiss.

Try also the local flavors on our icecream, goat chesse and sourdough cinnamon buns from a bakery. In Blekinge the restaurants focus on wild meat, fresh fish and vegetables from the farmers around, so you are in for a treat!

&Vin

A small restaurant with great food prepared out of high-quality ingredients. The menu changes every week and can be enjoyed with wine

from all over the World. There is a beautiful view of the harbor entrance to Karlshamn and Kastellet. Local ingredients with inspiration from the Mediterranean Sea gives you a flavour of Blekinge. Often the chef carries out and presents the dishes himself. The staff is young, extremely professional, friendly and talented and you can choose of sitting inside och outside.

The conclusion is food with lots of love!

UNIQUE SPOTS

visit blekinge

Blekinge is like the sea; with you every step of the way along the coastline. Mighty rivers, bubbling brooks, calm lakes, even when covered with ice. Try out exciting water slides and relaxing hot tubs with cold and warm water, untamed and peaceful. Be yourself and find

activities and experiences that will make you happy and will make you feel alive.

Things do not have to be incredibly fast or loud to make an impression and stick to your memory. Relaxing moments can be just as valuable. Experience the lush archipelago, the World Heritage Site, the medieval towns, and the white sandy beaches. Feel the sun on your skin, taste the food and drinks. Be enchanted by Blekinge, the wilderness, and the water.

Blekinge's postcard

Brändaholm is Blekinge's most photographed and famous islet. A summer holiday in Karlskrona, 45 small red cottages with their white knots. The motif is often found on postcards from Sweden just because the cabins provide such a nice contrast to the blue sea outside. You will discover Brändaholm most conveniently on a bicycle that is available to rent in Karlskrona city.
