Stockholm is a city of contrasts. Trends in music, design, fashion, and technology are born here. And innovations that spread worldwide are also invented here. Trendy bars and world-class restaurants are shoulder-to-shoulder with historical cafes and cosy neighbourhood pubs.

Stockholm is simultaneously urban and close to nature, and water is an ever-present feature in this city where lake and sea meet. The atmosphere is open, tolerant and welcoming, and diversity and innovation are highly encouraged. Stockholm is a city for everyone.

## THE CITY

Mikael Damkier/Shutterstock.com

Stockholm, one of the most beautiful capitals in the world, is built on 14 islands connected by 57 bridges. The buildings, cutting-edge design, hip style, the fresh air and the proximity to the water are distinctive traits of this city. Ekoparken, the first National City Park in the world, is a green space that breathes for the city, and a constant presence in the crush of the city. With its 750 year history and rich cultural life, Stockholm offers a wide selection of world-class museums and attractions. Most of the city's attractions can be reached on foot, and there's a good chance of experiencing a lot of things in a short time. Experience big-city life, the history of civilization and natural scenery, all in the course of the same day.

### Stockholm Subway Stations

Riding the subway (or tunnelbana) in Stockholm is truly a unique experience. Since 1950, artists have worked to turn the city's

underground system into a massive art installation. Out of the 100 subway stations in Stockholm, over 90 are decorated with sculptures, paintings, mosaics, and cave-like features.

The best to see them is to buy either a 24 hour-ticket or a single journey ticket which is valid for 75 minutes. Tickets are available through the SL app, ticket machines and ticket booths at the stations, as well as Pressbyråns.

Another tip is to visit them by the colour of the lines. The most impressive ones are on the blue

line. So, get your camera ready, watch out for the commuters, and be prepared to be amazed by the artwork displayed on the walls.

Here are our TOP10 stations not to be missed while in the Swedish capital:

1. Solna Centrum (Blue line)
2. Stadion (Red line)
3. Tekniska Högskolan (Red line)
4. Kungsträdgården (Blue line)
5. T-Centralen (Blue line)
6. Rådhuset (Blue line)
7. Solna Strand (Blue line)

## BARS & NIGHTLIFE

*Oleksiy Mark/Shutterstock.com*

How about clubbing in an opera house, mingling under the stars on a terrace, or lounging on a boat deck sipping drinks? Stockholm has trendy nightlife, from cool, sophisticated Stureplan to the bohemian clubs and bars of Södermalm and Gamla Stan. In the summertime, the city's nightlife moves outdoors and revellers take in long, light nights when the sun never sets. Below are Stockholm's party neighbourhoods:

### Stureplan

In Stockholm, Stureplan is the symbol of luxury and indulgence. This is where the young, rich, famous, and trendy hang out. Lines are long for the most popular clubs, and many have selective entry. Arrive early.

### Södermalm

Rock, reggae, rockabilly, bohemian, electronic, gay, or lesbian. Södermalm blends all styles. This is a more relaxed, less expensive alternative to the luxury of Stureplan. Nightlife spots are primarily in Slussen, Mariatorget, Nytorget, and Medborgarplatsen.

### Gamla Stan

Nightlife in Gamla Stan is characterised by small, intimate pubs with traditional interiors. Here you will find several bars with an older scene and offering live music; bars with a

younger crowd have popped up in recent years.

## LGBTQ

Stockholm has no specifically gay neighbourhood. Here you can show your love openly. Locales flying rainbow flags are sprinkled throughout the city, but most gay bars, clubs, and restaurants are in Gamla Stan and Södermalm.

### Trädgården

Trädgården is often referred to as Stockholm's playground for adults and is the most popular summer club. Here you can party beneath Skanstull Bridge in Södermalm, soaking up the trendy atmosphere and festival vibes. There is a burger shack, as well as multiple other things to enjoy (e.g. table tennis). If you happen to visit Stockholm between May and September, you should not miss out on this club.

## SHOPPING

*connel/Shutterstock.com*

It is hard to name the best place to experience Swedish design, not because of any shortage, but because design permeates everything—from the streets to shops and restaurants. Stockholm has four shopping neighbourhoods, each with its own special character.

### City/Norrmalm

City is a hub for malls and department stores. Major clothing chains are also found here. Fashion is geared toward a younger crowd and tends to be affordable. By all means, don't miss any of the newer malls and department stores, PUB, Illums Bolighus and MOOD, or the exclusive NK.

### Östermalm

Östermalm is Stockholm's exclusive neighbourhood. Most international brands and speciality shops focusing on design, fashion and jewellery are around Stureplan and Birger Jarlsgatan. Find Sweden's leading fashion brands around Biblioteksgatan and the area known as Bibliotekstan. Auction houses and exclusive antique shops are located along Arsenalsgatan and Nybrogatan. The area bordered by Sibyllegatan, Östermalmstorg, Karlavägen, Stureplan and Strandvägen has some of the city's best interior design shops.

### Gamla Stan

Gamla Stan is so much more than Västerlånggatan, the touristy souvenir street. Visit Gamla Stan in your hunt for authentic handicrafts, art and curiosities. Many small speciality shops and true gems can be found here, especially along Köpmangatan and Österlånggatan. Stroll along Lilla and Stora Nygatan, or lose the map and wander freely. Gamla Stan is not big.

### Södermalm

The southern island, Södermalm, is like a city within a city with its characteristic relaxed, bohemian vibe. Here you will find many speciality shops, particularly ones featuring design and vintage fashion. Central areas of Södermalm include Götgatan, Skånegatan and the area known as SoFo, which stands for South of Folkungagatan. A cluster of handicraft shops can be found around Slussen and along Hornsgatan, while Hornstull and Mariatorget are popular up-and-coming neighbourhoods.

### Drottninggatan

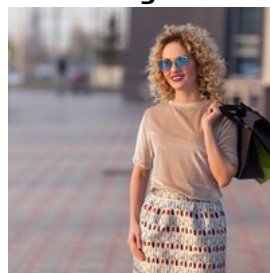

Commonly known as the shopping street in Stockholm, Drottninggatan is definitely a good place to start your shopping

spree. The street runs all the way from Gamla Stan to Odenplan, so make sure you bring a lot of time.

### Biblioteksgatan

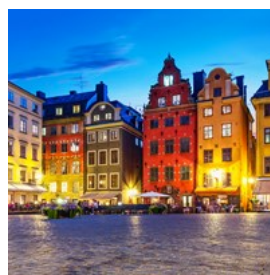

Stockholm's most affluent shopping district is found in the pedestrianized downtown district named Bibliotekstan. In the blocks surrounding

Biblioteksgatan, between the squares Stureplan and Norrmalmstorg, you will find the best of Swedish and international fashion and design.

When in Stockholm, no visit will be complete without a visit to Gamla Stan. Gamla Stan has earlier in the guide been mentioned as Stockholm's

oldest attraction. This is where you will find souvenir shops, quirky shops, cosy cafés, hip restaurants and beautiful old buildings.

### Public Transportation

Stockholm is often praised for its comfortable, efficient and safe transportation. Stockholm Public Transport, SL, is

responsible for buses, underground trains, commuter trains, trams and certain ferry lines in Greater Stockholm.

The underground is the easiest way to get around town. The city is divided into three zones, and zone tickets are good for several trips within the hour. Tickets can be purchased at SL Centers, underground platform barriers, newsagent kiosks or via SMS. It's not possible to pay cash for tickets on board buses in Stockholm. Most bus stops have ticket machines that take both coins and cards.

Prepaid cards are the best alternative for those only making a few trips. It's also possible to buy 1, 3, or 7-day cards, which allow free travel in all zones during the validity period.

A trip on the number 69 bus or number 7 tram is a superb way to discover Stockholm. The lines go out to Djurgården and major attractions like Skansen and the Vasa Museum.

Stockholmers are always heedful of their beautiful surroundings, and this has led to many inner-city buses running on eco-friendly fuels such as ethanol. The Stockholm underground is also known as the world's longest art gallery as so many of its stations are adorned with the works of different artists.

### Local boat transportation

Travelling by local ferries is a fantastic way to experience a city built on islands. Ferries are used by both commuters and tourists wanting to take a

better look around.

There are ample ferry departures from Nybroviken and Slussen out to the leafy island of Djurgården. An SL Card includes ferries from Slussen and you can also buy single tickets on the quay.

### Ferries and cruise ships

Several major ferry lines serve the countries around the Baltic Sea, and Stockholm's harbors are centrally located.

Stockholm is also a popular cruise destination and every year around 300 cruise liners from all over the world put in to the city. The approach through the beautiful

Stockholm archipelago with its 30,000 islands is an experience in itself. Read more about ferries and cruising to Stockholm below.

## Taxi

There are many taxi companies to choose from in Stockholm. Approved taxis with metered fares always bear yellow number plates. Credit

cards are readily accepted.

NOTE: Taxi prices are not regulated in Sweden; they may vary greatly. It is the customer's responsibility to check prices beforehand. Check the price on the yellow-and-white label (pictured in the right corner above), which is usually on the rear door window, before entering the vehicle. The highest unit price of most taxis is between SEK 290 - 390.

The price on the yellow label is based on a 10 km, 15-minute journey. The price indicated on the taximeter is in Swedish kronor. For trips to and from Stockholm Arlanda Airport the major taxi companies have fixed prices of between SEK 450-500. Always ask the driver beforehand. In addition to the major taxi companies there are several independent firms; caution is advised.

You can easily get hold of a taxi by calling a taxi company, hailing one on the street or by taking a one from a rank, e.g. at NK on Hamngatan. There is a manned taxi centre at Central Station that can help you with finding the right service, e.g. if you need child seats in the vehicle.

Several of the big Stockholm taxi companies

have a very high proportion of eco-vehicles. A new rota system gives priority to cabs with low carbon emission levels.

Stamps can be bought in kiosks and Pressbyrå shops and at the Post Centres that are to be found in some grocery store. If you need to mail,

pick up packages and parcels that are too big to fit in the mailbox, you will probably need to pick up or mail your package at a 'PostNord ombud', which is a grocery store or corner store.

## WiFi spots

Don't worry about roaming charges, there are plenty of free Wi-Fi spots around the city. Free WiFi Map for iPhone and WiFi Finder for

Android are apps that can help you find free WiFi.

Stockholm is frequently ranked as one of the most connected cities in the world, and thanks to pioneering IT infrastructure Stockholmers are spoiled with high surf speeds. For example, Stockholm was the first city in the world to introduce publicly available 4G.

Here is a selection of locations with free WiFi:

Stockholm Visitor Center

Name: "Homerun Wireless Zone". Ask the staff for a code.

Stockholm Arlanda Airport

Name: "Airport-Guest" (Free for three hours)

Central Station Stockholm and Cityterminalen  
Name: "All Station Guests"

Free WiFi for guests is very common in cafes and hotels in Stockholm. For example coffee chains like Waynes Coffee, Espresso House and Pressbyrån and hotels like the Radisson Hotels, Scandic Hotels, First Hotels and Nordic Choice Hotels, to mention a few. Ask the staff for details.

## Passport/Visa

Sweden can be visited visa-free for up to 90 days by citizens of Australia, New Zealand, Japan, South Korea, Taiwan, Malaysia, Israel, UAE and

most countries in America. If you are unsure whether or not you need to apply for a visa, we recommend contacting the embassy or consulate in your country. International (non-Schengen) travelers need a passport that is valid for at least 3 months after the end of their intended trip in order to enter the Schengen zone. Citizens of Schengen countries can travel without a passport, but must have a valid ID with them during their stay.

## Best Time to Visit

For many, the weather plays a big role when planning a trip and if you are one of them, you should visit Stockholm during summer, which is

from May to August. The weather is warmest from May to August, and the daylight lasts longer. It is also in May as the flowers begin to

grow and adorn the city beautifully. Although the temperatures can sometimes drop by night, so make sure to bring a sweater or a jacket.

If you do not think warmer weather plays such a big part, the winter is really beautiful in Stockholm, but it gets extremely cold from December to February. The snow begins to fall over the city and Christmas time is soon approaching. If you like snow, Christmas light, hot chocolate, and gingerbread cookies, this is the best time to visit Stockholm.
