## THE CITY

*Riccardo P / Shutterstock.com*

Valencia oozes history. A walk around the old quarter will transport you from the days of the city's Roman foundation in the year 138 B.C., whose remains are preserved in the museum of the Almoína, to the times of El Cid and the Moors, witnessed by the medieval wall gates of Serranos and Quart, and beyond. The beautiful Gothic building of La Lonja (Silk Exchange) is a reminder of the city's Golden Age in the 15th century when Valencia was the heart of the silk trade. You will also find jewels of Modernist art like the Central and Colón markets, as well as extravagant Baroque churches and palaces like the Palacio del Marques de Dos Aguas, now home to the Ceramics Museum.

But the city also has a very modern side, where you can spend the days in department stores or high-end boutiques, and the nights sipping cocktails like the typical Agua de Valencia in the trendy bars of the bohemian Ruzafa district. The Turia Gardens were created on the Turia Riverbed after disastrous flooding diverted its course in 1957, and are today lined with futuristic buildings. Here, the stunning City of Arts and Sciences, a complex designed by the renowned architect Santiago Calatrava, has become the city's number one tourist attraction.

Above all, Valencia is a city that embraces the

sea and offers an authentic Mediterranean atmosphere. The beaches of Las Arenas and Malvarrosa are buzzing in the summer, and also at weekends throughout the year, as locals head for a stroll in the sun followed by a paella at one of the restaurants along the seafront. Nearby you will find the old fishermen's quarter of Cabanyal, with its colourful tiled buildings and traditional tabernas. The Marina Real Juan Carlos I revamped to host America's Cup in 2007 and 2010, is now becoming the new gastronomic and cultural hub of the city.

One more thing is guaranteed in Valencia: wherever you go, you will find a warm welcome from locals who are immensely proud of their city and their traditions and are more than happy to share them with visitors.

## EVENTS

*Maylat / Shutterstock.com*

With hundreds of events planned throughout the year, from boisterous festivals and religious celebrations to major sporting events and open-air concerts, it's very likely you'll find something going on whenever you visit Valencia. Check the local press for what's on listings or plan your trip around one of the key dates throughout the year.

### Las Fallas (March)

Valencia welcomes spring with its most colourful and famous festival.

Gigantic papier mache monuments, known as fallas, with effigies

usually representing celebrities or politicians in a satirical way, are set up on streets and squares throughout the city and burnt to a cinder in spectacular bonfires on the last day of the celebration.

The Flower Offering to the Virgen de los Desamparados, when thousands of falleras and falleros in traditional costumes parade through the city, is also a sight to behold.

### Great Valencia Fair (July)

The whole month of July is a fiesta in Valencia. Concerts, al fresco cinema, stand-up comedy, fireworks displays, folk dances, parades, street

markets... the programme of the Gran Fira (Great Valencia Fair) features more than 100 events at different locations throughout the city. Don't miss the Battle of Flowers on the last Sunday, when brightly coloured floats and horse-drawn carriages parade through the city, with men, women, and children in lavish, traditional costumes tossing flowers out into the cheering crowds.

### Day of the Valencian Community (9 October)

Día de la Comunidad Valenciana, which commemorates the liberation of the city from the Moors, brings along one of the most peculiar and charming Valencian traditions. In a kind of "alternative Valentine's day", men give their loved ones a special gift of marzipan figurines of fruits and vegetables wrapped in a silk scarf known as the mocadora.

### Moto GP Valencia

The Gran Premio de la Comunidad Valenciana is a key annual fixture in the Moto GP calendar. Thousands of motorcycling fans head to the Ricardo Tormo Circuit in Cheste, about an hour from the city, to cheer on their national and international heroes.

## BARS & NIGHTLIFE

*trabantos/Shutterstock.com*

Many Spanish cities are often described as party destinations in foreign travel guides. But Valencia is considered to have the best nightlife of them all, even by the Spaniards themselves. This is partly because of the large student population. The locals go out late, usually after 11 pm, and most bars stay open until 3 am or even later. The city's main party street is Carrer dels Cavallers in the Del Carmen neighbourhood. Come here for a mix of tascas (taverns), bars, and clubs. You can simply ask around to find out which nightclubs are in vogue at the moment, but here are some recommendations:

## TOURIST INFORMATION

### Valencia Airport (VLC)

Valencia Airport is located approximately eight kilometres west of Valencia. Bus line 150 departs to the city and the port, and the journey takes about 45 minutes. You can also take one of the two underground lines that connect the airport to the city, the journey takes about 25 minutes.

The taxi service in València is provided by the urban taxis of the joint service area. Please note that there is a supplement for journeys from the airport, and make sure that the taxi driver starts the taximeter at the beginning of the journey. It is advisable to request a receipt in case you need to file a complaint or claim.

The metropolitan bus line 150, also known as the Metrobus, connects the airport to the city centre of València, with intermediate stops at Mislata, Quart de Poblet, and Manises.

The Metrovalencia line 3 links the airport to the city centre, the university area, and the northern part of the metropolitan area. The station is

located on the ground floor of the regional flights terminal, and there is an information office available in the airport's arrivals area.

### Passport / Visa

Spain can be visited visa-free for up to 90 days by citizens of most European countries, Australia, New Zealand, Japan, South Korea,

Taiwan, Malaysia, Israel, UAE and most countries in America. If you are unsure whether or not you need to apply for a visa, we recommend contacting the embassy or consulate in your country. International (non-Schengen) travellers need a passport that is valid for at least 3 months after the end of their intended trip in order to enter the Schengen zone. Citizens of Schengen countries can travel without a passport but must have a valid ID with them during their stay.

### Best Time to Visit

April-June and September-October are the best months for a trip to Valencia when it comes to cultural events, as well as for the weather, which

should be warm and mostly sunny. June and the first couple weeks of September are also good for beach holidays: the weather is still warm, but the place is less crowded and the prices are lower. The high season at the seaside is in

July-August, but the weather can get very hot then.

Whichever dates you choose, don't worry about missing out on nightlife: Valencia is a lively university city, so something is always going on.

Last but not least, take a look at the "Event" section of this guide if you haven't: many interesting festivals take place in Valencia during the year, and you might want to include one in your trip. Las Fallas in March is particularly popular, thus very crowded, but so very worth it.

The public transport system consists of a network of buses, underground trains, and trams. It is easy to get around Valencia and the

metro is both the fastest and the easiest. Ticket prices vary for a single journey. You can buy combination tickets that include all means of transportation. The Valencia Tourist Card is a good option for tourists.
